

NEWS

Welcome to the Newturf Grasshouse December 2009 Newsletter

Christmas is upon us again. As this is our last newsletter before 2010, Newturf Solutions would like to wish all our customers a very merry Christmas and a safe holiday period.

Newturf will be closing for Christmas on 23rd December 2009 and re-opening on 11th January 2010.

We look forward to seeing you in 2010.

Due to circumstances outside of our control, Newturf is still waiting to move to new premises at Unit 2, 347 Bay Road, Cheltenham. We are hoping to have moved by mid January 2010. In the meantime we are still trading from our Dandenong Road office in Malvern.

Our new larger premises in Cheltenham will enable us to have our offices and warehousing under the one roof. In one trip, customers will be able to drop into our office to discuss their projects, view the complete range of artificial grasses and accessories, then pick up their order directly from our warehouse.

Caulfield Pool has recently undergone a transformation with the installation of Newturf's artificial grass in the children's area. The children will find the grass a lot softer than the previous concrete surface. *A great summer ahead for the children at Caulfield pool.*

Did you know that Newturf Solutions offer a **Maintenance Service**? This will ensure that your artificial grass is always looking its best.

Our maintenance service consists of a seasonal groom for your synthetic grass by one of our experienced installation team using a brushing machine to rejuvenate the synthetic surface and also adding infill (silica sand) where needed. Naturally, our installation team will also carry out any repairs required.

Call the office now to book in your service.

Newturf Grasshouse - 675 Dandenong Road Malvern Vic 3144.
